

Lilly

THE NEXT CHAPTER BEGINS

Iberian Bloodlines is now ready to unfold—bringing together experts from **Spain and Portugal** for a highly interactive exchange focused on real-life clinical decision-making in CLL.

Join us in Lisbon and take part in shaping the discussion.

JUNE
19 - 20
2026

OUR EXPERT PANEL INCLUDES:

Schedule

FRIDAY, JUNE 19

20:00 **Welcome Dinner**
Where the Journey Begins

SATURDAY, JUNE 20

10:00 - 10:15 **Welcome to the second edition: Iberian Bloodlines 2.0**
Lilly Medical Department Portugal & Spain.

10:15 - 10:30 **Audience Pulse**
Vote to shape the discussion: your choice drives a critical expert deep dive.

10:30 - 11:15 **Latest advances in CLL sequencing, learnings from EHA2026?**

11:15 - 11:30 **Coffee break**

11:30 - 12:45 **Tumor Board 4x4**
4 patients - 4 decisions:

- Case 1 - When iBTK fails: what is the evidence, and what is belief?
- Case 2 - When treatment works but the patient can't tolerate it: where did it fail?
- Case 3 - Double exposed or double refractory: what do we know?
- Case 4 - When there may be only one shot: decision making in frail older patients

12:45 - 13:40 **Top 10 Questions Wall**
Turning real life clinical dilemmas into expert discussion -your questions set the agenda

13:40 - 14:00 **Deep Dive Session**

14:00 - 14:15 **Key Takeaways, Acknowledgements & Closing**

14:15 **Lunch**
