# LYMPHOMA LEUKEMIA

## DIAGNOSIS FOR TARGETED THERAPY

IV L&L Meeting

Fundación Jiménez Díaz  
Madrid

Accurate lymphoma/leukemia diagnosis  
is the key for precision medicine

CALL FOR  
CASES

### Lymphoma/leukemia diagnosis for targeted therapy, 2020

Lymphoma diagnosis and targeted treatment is challenged by the introduction of new drugs and refinements in the definition of new entities. This FJD Symposium will cover new markers and opportunities for a precision lymphoma/leukemia medicine

Dec 2-3, 2020  
Fundación Jiménez Díaz Madrid

Provisional program (Oct 18<sup>th</sup>)

#### Dec 2

1500-1600: **Elaine S Jaffe**: Updates on Lymphoma Biology and Diagnosis

1600-1800: **Clinical cases: Javier Diaz de la Pinta, Fina Climent, Miguel A Piris, Carmen Barcena, Raúl Córdoba, .....**

1800-1820: **Pablo Ortiz**: Update on cutaneous lymphoma clinical trials

1820-1840: **Ruth Alonso**: Mycosis Fungoide NanoString analysis

1840-1900: **Jose P Vaque**: PLCG1/PRKQ in CTCL cells

1900-1930: **Manel Esteller**: Epigenetics and Epitranscriptomics in Lymphoma: Genes and Drugs

#### Dec 3

1500-1530: **Alvaro Urbano**: CAR-T-cell therapies

1530-1559: **Marta Rodríguez**: Peripheral T-cell lymphoma subclasses

1550-1610: **S-Maria Rodríguez-Pinilla**: Intestinal TCL

1610-1755: **Clinical cases: Eugenia García-Fernandez, Gabriela Salvatierra, Daniel Morillo, Alberto Lopez, María Angeles Perez-Saenz, Carles Saus.....**

1755-1815: **María Villa Morales, JF Piqueras**: Integración de datos ómicos en una propuesta terapéutica para las neoplasias linfoblásticas T usando PanDrugs

1815-1835: **Rocio Salgado/JM Alonso**: NGS en neoplasias linfoides y mieloides

1835-1855: **Daniel Morillo**: PI3K inhibition in Follicular Lymphoma

1855-1915: **Alberto Hernandez Barranco, Hector Peinado**: Studying the influence of microenvironmental NGFR in lymphoma progression

#### Clinical case discussion Forum

Instructive lymphoma/leukemia cases presented by both clinicians and pathologists will be discussed along 2 different sessions. Cases are expected to cover new areas of lymphoma/leukemia diagnosis and targeted treatment

**Scientific Committee:** P Llamas, F Rojo, M Piris, SM Rodríguez-Pinilla, R Cordoba  
**Registration:** [Lucia.gatoc@quironsalud.es](mailto:Lucia.gatoc@quironsalud.es)
